## INTRODUCTION

The New Jersey Department of Environmental Protection, in conjunction with the Association of New Jersey Recyclers, annually recognizes excellence in recycling. Our goal is to highlight the success of agencies, businesses, individuals and others who go beyond the norm to advance recycling and to make these examples available to others who may emulate them.

## ELIGIBILITY

- ❖ be located in New Jersey
- ❖ agree to share their project or program with others

Award winners from the previous three years are not eligible to participate again this year.

Second party nominations must be accompanied by a written authorization from the nominated party agreeing to be considered for the award.
